Non-Employee Directors' Compensation Policy

Non-employee Directors of the Board receive annual compensation as set forth in the table below. With the exception of the compensation for the Lead Independent Director, the following compensation amounts took effect on July 1, 2009 and reflect the results of the CNG Committee's compensation study undertaken in 2008. The CNG Committee and the Board created the position of Lead Independent Director at their December 7-8, 2010 meetings and approved an annual salary of \$25,000 for that position.

Medical Reimbursement Plan

Under the Company's medical reimbursement plan for all outside Directors, the Company reimbursed certain Directors the cost of their medical premiums, up to \$750 per month. During fiscal year 2011, the aggregate cost of this reimbursement plan was \$63,000.

Share Ownership Guidelines

In conjunction with the revised compensation policy for non-employee Directors, the Board also adopted share ownership guidelines for the non-employee Directors. Under the guidelines, each non-employee director will be required to own a minimum of 100,000 shares of the Company's Common Stock. For all Directors serving on the Board since 2009, the guidelines must be satisfied by July 1, 2013. Messrs. West, a Director since 2010, McCann and Pettrossi are already in compliance with the share ownership guidelines. Shares purchased in the open market and shares received by Directors as annual equity awards under Section 9 of the Stock Incentive Plan may be credited toward the satisfaction of the ownership guideline.

Compensation Discussion and Analysis

Overview

In this section, we provide an overview and analysis of our executive officer compensation program and policies. Later in this amendment to Form 10-K, under the heading "Additional Information Regarding Executive Compensation," you will find a series of tables containing specific information about the compensation earned or paid in the fiscal year ended June 30, 2011 to the following individuals, whom we refer to as our named executive officers or NEOs for the 2011 fiscal year:

- William H. Hastings, the Company's Senior Advisor for Business Development and its President/CEO from December 11, 2008 through September 27, 2011;
- Antoine J. Lafargue, the Company's CFO/Treasurer since August 2, 2010; and
- Susan M. Filipos, the Company's Controller and Interim CFO from May 3, 2010 until August 2, 2010.

Table of Contents

On September 27, 2011, and subsequent to our June 30, 2011 fiscal year-end, Mr. Hastings elected to step aside as the Company's President/CEO, positions he has held since December 11, 2008, due to the Board's decision to relocate the Company's headquarters from Portland, Maine to Denver, Colorado. Effective September 27, 2011, the Board appointed Mr. Wilson, a Director of and acting senior consultant to the Company and a resident of Denver, Colorado, as the Company's new President/CEO.

Because he was appointed after the completion of our June 30, 2011 fiscal year, Mr. Wilson is not deemed to be a "Named Executive Officer" of the Company for our June 30, 2011 fiscal year, and thus does not appear in the Summary Compensation Table or the other executive compensation tables, in accordance with SEC reporting rules. For information regarding Mr. Wilson's business experience, see Item 10 — "Directors, Executive Officers and Corporate Governance" above.

Board Oversight of Executive Compensation; Role of the CNG Committee

The Company's executive compensation program has been developed and is continually monitored by our Board, acting on the recommendation of the CNG Committee, which during the fiscal year ended June 30, 2011 was comprised of Messrs. McCann (Chairman), Basso, Mollah, and Pettrossi. On May 27, 2009, the Board adopted a written charter for the CNG Committee, which was most recently amended on December 9, 2009. The CNG Committee has responsibilities and powers related to compensation matters, and also certain specified corporate governance matters.

Under its charter, the CNG Committee is responsible for assisting the Board in overseeing the Company's management compensation policies and practices, including (i) determining and recommending to the Board for its approval the compensation of the Company's President/CEO and other executive officers; (ii) reviewing and recommending to the Board for its approval management incentive compensation policies and programs, and exercising discretion in the administration of such programs; and (iii) reviewing and recommending to the Board for its approval equity compensation programs for Directors, officers, employees, and consultants, and exercising discretion in the administration of such programs.

The Board, acting upon recommendations of the CNG Committee, is ultimately responsible for determining the types and amounts of compensation paid to each of our NEOs. In fulfilling its role, the Board considers the Company's performance and strategic objectives in determining, on an annual basis, whether any corresponding adjustments to our NEOs' compensation levels are warranted, in light of the attainment of these performance objectives.

The CNG Committee and the Board have the authority to retain outside consultants to assist the Board in performing these responsibilities. The CNG Committee commissioned a report from a third-party compensation consultant during August 2008 to conduct a peer group and market based comparative analysis of President/CEO compensation from a group of selected oil and gas companies and to make recommendations to the CNG Committee about the amounts and types of compensation for Mr. Hastings that the Committee would recommend to the full Board. To date, the Board has not used any compensation consultant firms to determine and review the compensation or other employment terms of either Mr. Lafargue or Ms. Filipos.

During the fiscal year ended June 30, 2011, neither Mr. Hastings, Mr. Lafargue, nor Ms. Filipos determined or approved any element or component of his or her own base salary or any other aspects of his or her compensation.

Objectives of Our Compensation Program

Our executive compensation program is designed to motivate and reward our NEOs in a fiscally responsible manner, while prudently conserving cash resources to fund the Company's growth plans and strategic objectives. The oil and gas exploration and production industry has historically been highly competitive, a trend which has increased significantly in the last decade. As a result, experienced professionals have significant career mobility.

Table of Contents

We are a smaller company in a highly-competitive industry that competes for executive talent with a large number of exploration and production companies, many of which have significantly larger market capitalization than the Company. Our ability to motivate and reward our executive officers and other key employees is essential to maintaining a competitive position in the oil and gas business. The Board believes that our comparatively smaller size and relatively small executive management team pose unique challenges in this industry, and, therefore, are substantial factors in the design of our executive compensation program.

In light of the foregoing factors, the Board through the CNG Committee also strives to maintain compensation programs that are generally competitive within the independent oil and gas industry in the United States and in Australia. The award of base salary, annual cash bonuses, equity-based awards and benefit packages to our NEOs are approved by the Board after such matters are initially reviewed and approved by the CNG Committee and thereafter recommended by the CNG Committee to the Board for approval. Beginning with the appointment of Mr. Hastings, the Board has determined to implement a new compensation strategy by which the Company's executive officers will be paid base salaries that are generally lower than salaries prevailing in the marketplace for similarly situated companies and will receive awards of equity compensation to supplement their cash salaries. Despite the Company's small market capitalization, equity compensation permits the Company to attract talented executives and to offer attractive overall compensation packages by permitting our executive officers to participate in the future growth of the Company (through an increase in the price of the stock acquired through the equity awards) in lieu of receiving a higher up-front base salary. The use of equity compensation as a component of an executive officer's overall compensation package is consistent with the Company's objective to: (i) motivate and reward executive officers in a fiscally-responsible manner; (ii) align the interests of executive officers with those of shareholders; and (iii) conserve cash resources to fund the Company's growth plans and strategic objectives (together, the "Compensation Objective").

Consistent with the Compensation Objective, Mr. Hastings designed the initial compensation package for Mr. Lafargue, which included an equity compensation component. To determine the equity compensation to be included as part of Mr. Lafargue's overall compensation package award in fiscal year 2011, management considered his experience in performing financial and strategic advisory services, his job responsibilities as CFO, his cash-based salary, the perceived value of the equity compensation, the compensation packages of other Company employees, and the number of shares approved for issuance by the Company's shareholders through the Company's Stock Incentive Plan. Management also considered publicly-available compensation information for executives working for similarly-situated companies operating within and outside Portland, Maine (the employment market in which the Company's headquarters is currently located) and which appeared to our President/CEO to maintain a similar approach to executive compensation. The compensation package (including the amount of proposed equity compensation) was then presented to Mr. Lafargue for review and negotiation. In approving, and recommending to the Board for approval, the equity compensation portion of Mr. Lafargue's compensation package, the CNG Committee considered the Compensation Objective, the recommendations of management, the perceived value of the options and proposed cash salary in light of the duties to be performed, the fact that one-half of Mr. Lafargue's equity compensation was tied to the completion of MPAL's acquisition of Santos Offshore Pty Ltd.'s 40% interest in the Evans Shoal gas field on or before June 30, 2011 ("Evans Shoal Transaction"), and compensation packages previously approved for other Company employees.

Periodically, the CNG Committee reviews our executive compensation program to assess whether the program remains competitive with those of similar companies, considers the program's effectiveness in creating adequate incentives for our executive officers to find, acquire, develop, and produce oil and gas reserves in a cost-effective manner, and determines what changes, if any, are appropriate in light of our overall performance and ability to attract and retain talented executive officers.

The Board may, in addition to base salaries, authorize annual cash bonuses and equity-based awards in the future for our executive officers based upon the attainment of our operational and strategic goals. We have not adopted specific target or performance levels which would automatically result in increases or decreases in executive officer compensation. Instead, we make compensation determinations based upon a consideration of

Table of Contents

many factors, including those described below. We have not assigned relative weights or rankings to these factors. Specific elements of company performance and individual performance that we consider in setting compensation policies and making compensation decisions include the following factors:

- the cyclical nature of the oil and gas business and industry trends in Australian and Asian/Pacific oil and gas markets;
- the growth in the quantity and value of our proved oil and natural gas reserves, volumes of oil and natural gas produced by the Company and our executives' ability to replace oil and natural gas produced with new oil and natural gas reserves;
- the Company's oil and gas finding costs and operating costs, cash flow from operations, annual revenues, and earnings per share;
- the market value of the Common Stock on the NASDAQ and the ASX exchanges;
- the extent to which management has been successful in finding and creating opportunities to participate in acquisition and farm-in transactions and exploitation and drilling ventures having quality prospects;
- management's ability to formulate and maintain sound budgets for our business activities and overall financial condition;
- the success of our acquisition and exploration activities and the achievement by management of specific tasks and goals set by the Board and the MPAL Board of Directors from time to time;
- the effectiveness of our compensation packages in motivating our management to remain in our employ; and
- the ability of management to effectively implement risk management practices.

In addition to considering these performance elements, we also consider each NEO's longevity of service and his or her individual performance, leadership, and business knowledge.

Overview of Compensation for William H. Hastings, the Company's President/CEO for the Period of December 11, 2008 through September 27, 2011

In the fall of 2008, the CNG Committee independently retained Compensation Resources, Inc. of Upper Saddle River, N.J. ("CR"), to assist the Board in determining the appropriate compensation package for Mr. Hastings as the Company's new President and CEO. Previous to this study, the CNG Committee had retained CR to provide a study to the Board regarding compensation for the Company's non-employee Directors. This engagement led to the Board's May 27, 2009 adoption of the new Directors compensation policy and directors share ownership guidelines. See "Non-Employee Directors Compensation Policy" above. The decisions to engage CR for these two projects were not made, recommended, or subject to surveying or review by management.

As part of its work on our President/CEO's compensation package, CR performed the following functions requested by the CNG Committee and the Board: (i) assembling a peer group of approximately 20 other small and medium sized oil and gas companies, based on industry group, geographic location and comparable revenue levels (of between 50% to 200% of the Company's historical revenues); (ii) analyzing the compensation of the President or CEO of the peer companies, by amounts and type of compensation, including cash salaries, cash bonuses, and long-term incentive-based compensation; (iii) assembling and analyzing widely-published compensation survey data (Mercer and ERI 2008 studies); (iv) recommending market consensus amounts and ranges for the compensation of our President and CEO to the CNG Committee; and (v) conducting a beneficial ownership analysis for the position of the CEO. Representatives of CR consulted with the CNG Committee frequently during the fiscal year, prior to Mr. Hastings' appointment on December 11, 2008.

On December 11, 2008, the Board appointed Mr. Hastings as our President and CEO. Mr. Hastings' term of employment is for five years and commenced on December 11, 2008, pursuant to a non-binding term sheet

negotiated between Mr. Hastings and the CNG Committee. Under his February 9, 2009 Employment Agreement with the Company (“Hastings Agreement”), Mr. Hastings is paid a base salary currently set at \$337,459 per year, subject to a yearly increase based on a measurement of inflation (“Annual Increase”). Under the Hastings Agreement, Mr. Hastings does not receive a sign-on or guaranteed cash bonuses, but is entitled to receive cash bonuses recommended by the CNG Committee and approved by the Board commensurate with his and the Company’s performance. If at any time prior to the end of the five-year term the Company terminates his employment without Cause or he resigns for Good Reason (both as defined in the Hastings Agreement), Mr. Hastings would be entitled to continue to receive his then-current base salary for the rest of the five-year term, with a minimum severance period of two years. See “Additional Information Regarding Executive Compensation — Employment Agreements with Our 2011 Named Executive Officers” below.

On December 11, 2008, Mr. Hastings was awarded 3,100,000 non-qualified stock options under the Company’s Stock Incentive Plan in two tranches, at an exercise price equal to \$1.20 per share which exercise price was the fair market value as defined in Section 5(c) of the Stock Incentive Plan of a share of Common Stock as of December 11, 2008, the grant date. In connection with the negotiation and signing of the Hastings Agreement, Mr. Hastings and the Company agreed that Mr. Hastings would surrender to the Company 387,500 of the non-qualified stock options previously granted to him on December 11, 2008, with a corresponding award of 387,500 non-qualified stock options to Mr. Wilson, who has served as a member of our Board since July 9, 2009. Mr. Hastings now holds options to acquire an aggregate of 2,712,500 shares, consisting of 875,000 performance-based options and 1,837,500 time-based options. Mr. Hastings’ 875,000 performance-based options vested in full on March 2, 2011. In addition, 1,225,000 of the time-based options have fully vested, 612,500 options on December 11, 2009 and 612,500 options on December 12, 2010). The remaining 612,500 time-based options will vest on December 11, 2012.

On September 27, 2011, and subsequent to our June 30, 2011 fiscal year-end, Mr. Hastings elected to step aside as the Company’s President/CEO, due to the Board’s decision to relocate the Company’s headquarters from Portland, Maine to Denver, Colorado. Effective as of the same date, the Board appointed, at the recommendation of the CNG Committee, Mr. Hastings as the Company’s Senior Advisor for Business Development pursuant to the terms of the Hastings Agreement as amended by an Employment Agreement Addendum (“Addendum”). Under the Addendum and as Senior Advisor for Business Development, Mr. Hastings shall be paid his current salary and shall be responsible for seeking out and assisting in the development of new ventures and business opportunities for the Company, in a non-executive capacity. To the extent that Mr. Hastings’ employment is not extended beyond the initial contract term of December 11, 2013, the Addendum extends the time by which Mr. Hastings must exercise options awarded to him under the Plan to December 31, 2015. See “Additional Information Regarding Executive Compensation — Employment Agreements with Our 2011 Named Executive Officers” below.

Overview of the Compensation for Antoine J. Lafargue, CFO/Treasurer and Susan M. Filipos, Controller and Interim CFO for the Period of May 3, 2010 through August 2, 2010

On August 2, 2010, the Board appointed Antoine J. Lafargue as the Company’s new CFO/Treasurer to serve an initial employment term of three years. Mr. Lafargue’s August 2, 2010 Employment Agreement with the Company (“Lafargue Agreement”) provides for an initial base salary of \$240,000 per year subject to an Annual Increase commencing on January 1, 2012. Under the Lafargue Agreement, Mr. Lafargue does not receive a sign-on or guaranteed cash bonuses, but is entitled to receive cash bonuses recommended by the CNG Committee and approved by the Board commensurate with his and the Company’s performance. If the Company terminates Mr. Lafargue’s employment without Cause or he resigns for Good Reason (both as defined in the Lafargue Agreement), Mr. Lafargue is entitled to receive a severance benefit equal to one year’s base salary, based upon his then-current base salary. See “Additional Information Regarding Executive Compensation — Employment Agreements with Our 2011 Named Executive Officers” below.

For the period of May 3, 2010 through August 2, 2010, Susan M. Filipos, the Company’s Controller since October 1, 2009, served as the Interim CFO/Treasurer of the Company. Ms. Filipos performed the duties of

Interim CFO pursuant to the terms of her original employment agreement with the Company dated September 28, 2009 (“Filipos Agreement”). See “Additional Information Regarding Executive Compensation — Employment Agreements with Our 2011 Named Executive Officers” below.

Elements of Compensation

We seek to achieve our executive compensation objectives by providing our NEOs with the following elements of compensation:

- a base salary that represents cash compensation based on internal equity and external industry-based competitiveness;
- an opportunity to receive an annual cash bonus award based upon the achievement of goals and objectives attained during the course of a fiscal year;
- potential equity-based awards under the Company’s Stock Incentive Plan;
- pension/retirement benefits and other personal benefits under our NEOs’ employment contracts, as described below;
- benefit programs provided to our U.S. employees, including health care benefits, dental, life, and vision coverage; and
- termination payments and other benefits under the NEOs’ employment agreements, in the event that the NEO’s employment is terminated under specified circumstances.

Each of the material elements of our compensation program is discussed in greater detail below.

Base Salary

The Board reviews and determines, after receipt of a recommendation from the CNG Committee, the base salary of each NEO. The purpose of base salary is to reflect our NEOs’ executive job responsibilities, individual performance, and competitive compensation levels. Under his employment agreement, Mr. Hastings’ current base salary is \$337,459 and is subject to an Annual Increase. Under his employment agreement, Mr. Lafargue’s current base salary is \$240,000 and will be subject to an Annual Increase commencing January 1, 2012. Effective April 1, 2011, and to bring her base salary more in line with the duties she performs on behalf of the Company, the Board, on the recommendation of the CNG Committee, approved an increase in Ms. Filipos’ base salary to \$135,000 from \$100,000.

Annual Cash Bonus Awards

The Board, pursuant to the recommendation of the CNG Committee, may award a NEO an annual cash bonus. The purpose of the cash bonus program is to better align executive performance with annual strategic goals while enhancing shareholder value. Neither the Board nor the CNG Committee pre-determines performance goals at the beginning of each year for our NEOs. Rather, the Board, pursuant to the recommendation of the CNG Committee, determines whether the award of a bonus has been warranted, in light of the Company’s performance during each completed fiscal year, including the Company’s operational results, net income, expenses, strategic development, and any performance gaps or shortfalls. The NEOs did not receive cash bonus awards during fiscal year 2011.

Equity-Based Compensation

At the December 1998 annual meeting, our shareholders approved the Company’s 1998 Stock Option Plan (the “Plan”), which permits the granting of stock options and stock appreciation rights (“SARs”) to the Directors, officers, key employees, and consultants. On December 11, 2008, the Board amended and restated the Plan, renaming the Plan the “1998 Stock Incentive Plan” (“Stock Incentive Plan”), and further amended the Stock

Table of Contents

Incentive Plan on March 19, 2009 and May 27, 2009. On May 27, 2009, the Company's shareholders approved the amendment and restatement of the Stock Incentive Plan, as follows:

- the amount of shares reserved for issuance pursuant to awards made under the Stock Incentive Plan was increased by 4,205,000 shares, to a maximum of 5,205,000 shares;
- the powers and duties of the CNG Committee to administer the Stock Incentive Plan were clarified;
- the CNG Committee was authorized to make awards of shares of Restricted Stock (as defined in the Stock Incentive Plan), which awards may vest based on a participant's continued service to the Company, its subsidiaries, or affiliates, or upon the satisfaction of performance measures;
- the Stock Incentive Plan now provides for annual awards of Common Stock to the non-employee Directors of the Company; and
- the CNG Committee is authorized to make awards of shares of Common Stock, options, SARs, or Restricted Stock that vest upon the satisfaction of pre-defined corporate performance measures identified by the CNG Committee.

At the December 2010 annual meeting, our shareholders approved a further amendment to the Stock Incentive Plan which increased the number of shares of Common Stock authorized for issuance under the Stock Incentive Plan by 2,000,000 shares, to a new aggregate total of 7,205,000 shares.

The purpose of the Stock Incentive Plan is to further the growth and prosperity of the Company and its subsidiaries through the grant of incentive awards to those officers, employees, Directors, and consultants whose past, present, and potential contributions to the Company and/or its subsidiaries are or will be important to the success of the Company. The various types of awards that may be provided under the Stock Incentive Plan are designed to enable the Company to respond to changes in compensation practices, tax laws, accounting regulations, and the size and diversity of its business. Other than the Stock Incentive Plan, the Company currently does not have any long-term incentive, nonqualified defined contribution, or other nonqualified deferred compensation plans. In addition, MPAL does not currently maintain any of its own equity-based compensation plans.

The Stock Incentive Plan provides for grants of options principally at an option price per share of 100% of the fair value of the Company's Common Stock on the date of the grant. Options are generally granted with a one-year, two-year, or a three-year vesting period and a ten-year term. Options vest in equal annual installments over the vesting period. The Plan also provides for the grant of SARs subject to terms as determined by the CNG Committee and evidenced in a form also determined by the CNG Committee. In addition, the Plan permits the award of restricted shares to eligible participants and also permits the CNG Committee to make an annual award of shares of unrestricted Common Stock to the Company's non-employee Directors equal in value to 50% of the annual cash retainer payable to these Directors.

For all Stock Incentive Plan awards granted, modified, or settled after July 1, 2005, we account for all equity-based awards in accordance with the requirements of ASC Topic 718. With the exception of the annual stock awards to non-employee Directors which typically occur on July 1 of each fiscal year, we do not have a specific program or plan with regard to the timing or dating of option grants or other awards and options or other awards under the Stock Incentive Plan have not been granted at regular intervals or on pre-determined dates. Rather, the Board's decisions as to when options are granted have historically been made at the complete discretion of the Board upon the recommendation of the CNG Committee. Going forward, the Board intends to continue this practice, after receipt and consideration of recommendations for further option or other awards under the Stock Incentive Plan.

As of October 3, 2011, there were 5,200,000 stock options outstanding, of which 3,333,332 were fully-vested and exercisable. If all of these options were exercised these shares would represent approximately 5.84% of our issued and outstanding shares of Common Stock.

Mr. Hastings now holds options to acquire an aggregate of 2,712,500 shares, consisting of 875,000 performance-based options and 1,837,500 time-based options. The performance-based options have vested in full. In addition, 1,225,000 of the time-based options vested in full on December 11, 2009 (612,500 options) and on December 12, 2010 (612,500 options). The remaining 612,500 time-based options will vest on December 11, 2012.

In connection with Mr. Lafargue's officer appointments, as described above, the CNG Committee and the full Board awarded to Mr. Lafargue non-qualified stock options covering an aggregate of 800,000 shares of the Common Stock subject to the terms and conditions of the Stock Incentive Plan, in two separate tranches, as follows: 400,000 time-based options and 400,000 performance-based options. The exercise price per share for all of the options is \$1.84, which exercise price was the "fair market value" (as defined in Section 5(c) of the Stock Incentive Plan) of a share of the Common Stock as of August 2, 2010, the grant date. The time-based options will vest in three equal annual installments as follows: (a) 133,333 option shares vested in full on August 2, 2011; (b) 133,333 option shares will vest in full on August 2, 2012; and (c) 133,334 option shares will vest in full on August 2, 2013. The performance-based options were to vest in full only upon completion of the Evans Shoal Transaction. Because the Evans Shoal Transaction failed to close, the performance-based options issued to Mr. Lafargue were forfeited as of June 30, 2011 and allocated back to the share reserve for the Stock Incentive Plan. The time-based stock options will immediately be accelerated and vest in full upon the occurrence of a "Change in Control" of the Company (as defined in the Stock Incentive Plan) and upon the occurrence of other specified events.

In connection with her initial appointment as the Company's Controller, the Company awarded to Ms. Filipos non-qualified stock options covering 150,000 shares of the Company's Common Stock under the Stock Incentive Plan. The exercise price per share of the options was \$1.40, which exercise price was the "fair market value" (as defined in Section 5(c) of the Stock Incentive Plan) of a share of the Common Stock as of October 1, 2009, the grant date. The first 75,000 tranche vested in full on October 1, 2010 and the remaining options vested in full on October 1, 2011.

Pension/Retirement Benefits

The Company does not provide qualified pension benefits or any supplemental executive retirement benefits to any of its NEOs.

Mr. Hastings, Mr. Lafargue, and Ms. Filipos are eligible to participate in the Company's 401(k) retirement savings plan, which became effective as of October 15, 2010. Under the Company's 401(k) plan, all employees of the Company are eligible to participate after an initial period of three months of employment. The 401(k) plan permits participants to make salary deduction contributions to their plan accounts and provides that the Company will make a 3.5% match of the employee's contributions, up to an annual maximum of 3.5% of salary.

Additional Benefit Programs

Perquisites and other benefits represent a small part of our overall compensation package. These benefits are reviewed periodically to ensure that they are competitive with industry norms. If greater than \$10,000, the aggregate costs associated with the benefits we provided to Mr. Hastings, Mr. Lafargue, or Ms. Filipos are included in the "All Other Compensation" column of the Summary Compensation Table, set forth below.

Under his employment agreement, Mr. Hastings is provided with a leased automobile as approved by the Board, consistent with the Company's perquisite guidelines. During fiscal year 2011, the Company paid \$8,379 for this arrangement and \$1,560 for parking for Mr. Hastings. Under his employment agreement, Mr. Hastings also receives up to \$8,000 per year in reimbursements to purchase his own family health insurance coverage, including medical, prescription, and dental benefits. In addition, the Company has purchased long-term disability

Table of Contents

insurance with coverage to age 65 for Mr. Hastings, with a maximum annual premium amount of \$12,500. During fiscal year 2011, the Company paid \$7,126 to a disability insurer under this arrangement. In addition, the Company has purchased \$2 million of key-man life insurance coverage for Mr. Hastings.

In connection with the hiring of Mr. Lafargue, the Company agreed to reimburse his relocation expenses, which amounted to \$18,925, and to reimburse his legal expenses incurred in connection with the review of his employment terms and visa application in the amount of \$22,000. Under his employment agreement, Mr. Lafargue is also provided with a paid parking space at a cost during the fiscal year ended June 30, 2011 of \$1,560. Consistent with the terms of his employment agreement, the Company also paid \$20,212 in health insurance premiums.

Under Ms. Filipos' employment agreement, the Company provides a paid parking space for Ms. Filipos' use at or near the Company's office in Portland, Maine, at a cost during the fiscal year ended June 30, 2011 of \$1,560. Consistent with the terms of her employment agreement, the Company also paid \$11,266 in health insurance premiums.

Tax Considerations

We operate our executive compensation program in good-faith compliance with Section 409A of the Internal Revenue Code, as permitted by the final regulations issued by the Internal Revenue Service. At this time, the Company does not expect that Section 162(m) of the Internal Revenue Code will have any effect on the Company's executive officer compensation because it is not likely that the annual compensation paid to any executive officer will exceed \$1 million.

Conclusions

The Board believes that the Company's executive compensation program is and will be a critical element in ensuring the Company's continued success as it grows and pursues its strategic objectives. Motivation, attraction, retention, and the NEOs' alignment with the interests of the Company's shareholders are the key objectives of the program. The continued improvement in business results and increased shareholder value are driven by the performance of highly-motivated executives. In the opinion of the Board, the design and operation of the Company's executive compensation programs, along with the monitoring of our executive officers' performance against the factors identified above, reasonably result in compensation levels appropriate to promote the Company's continued success and the best interests of its shareholders as the Company continues to grow and pursues its strategic objectives.

The Company has entered into written employment agreements with each of Messrs. Hastings, Lafargue, and Ms. Filipos which provide certain severance payments and other benefits, in the event that their respective

employment with the Company is terminated under various circumstances, as described below. Generally, we use these provisions to provide some assurance to the Board that the Company will continue to be able to rely on our NEOs continuing in their positions with us, without concern that they might be distracted by the personal uncertainties and risks created by any proposed or threatened change of control of the Company.

Mr. Hastings

On February 3, 2009, the Company entered into an Employment Agreement with Mr. Hastings to serve as our President and CEO, effective as of December 11, 2008. The Hastings Agreement provides for a five-year term of employment. The Company may give Mr. Hastings notice six months before the 5th anniversary of such date of its intent to let the Hastings Agreement terminate, or to renew Mr. Hastings' employment with the Company for a duration and on terms and conditions to be negotiated by the parties at that time. Under the Hastings Agreement, Mr. Hastings agreed to serve as President and CEO of the Company and to devote substantially all of his business time and attention and best efforts to the affairs of the Company and its subsidiaries and his duties. The Hastings Agreement provides that Mr. Hastings shall be nominated as a Director of the Company's Board from time to time in the future during the term of the agreement.

Under the Hastings Agreement, Mr. Hastings is paid an annual salary of \$300,000, subject to an Annual Increase (current salary is \$337,459). During the term of the Hastings Agreement, Mr. Hastings does not receive a sign-on or other guaranteed bonus, but is entitled to receive bonuses recommended in the future by the CNG Committee and approved by the Board. Mr. Hastings is also entitled to reimbursement of his business expenses while performing services for the Company.

The Hastings Agreement confirms Mr. Hastings's receipt of the stock options awarded to him on December 11, 2008, and his surrender to the Company of 387,500 of those stock options, as described under "Option Award Agreements" below. Future awards of equity to Mr. Hastings will be made under the Stock Incentive Plan, at the sole discretion of the Board of Directors, after receipt of a recommendation from the CNG Committee. In addition, the Company has agreed to provide Mr. Hastings up to \$8,000 per year of reimbursement for health insurance and to purchase and pay annual premiums for a long-term disability insurance policy covering Mr. Hastings and a ten-year term life insurance policy. Mr. Hastings has agreed to customary confidentiality, cooperation, non-solicitation, non-competition, non-disparagement, and related requirements.

The Hastings Agreement may be terminated in the event of Mr. Hastings' death or "disability" (as defined in the Hastings Agreement) during the term of the agreement. If Mr. Hastings dies or becomes disabled, the Company will pay Mr. Hastings: (i) his base salary through the date of such termination of employment, plus his base salary for the period of any vacation time earned but not taken for the year of termination of employment; (ii) any other compensation and benefits to the extent actually earned by him under any other benefit plan or program of the Company as of the date of such termination of employment; and (iii) any reimbursement amounts owing to Mr. Hastings (the amounts in (i), (ii), and (iii) are referred to as the "Accrued Obligations"). If Mr. Hastings terminates his employment at any time during the term of the agreement, for a reason other than "Good Reason" as defined below, he will be entitled to payment of only the Accrued Obligations.

The Hastings Agreement may also be terminated for "Cause" by the Company. "Cause" is defined as (i) an act or acts of dishonesty or fraud relating to the performance of his services to the Company; (ii) a breach of his duties or responsibilities under the Hastings Agreement resulting in significant demonstrable injury to the Company or any of its subsidiaries; (iii) his conviction of a felony or any crime involving moral turpitude; (iv) his material failure (for reasons other than death, illness, injury or Disability) to perform his duties under the Hastings Agreement or insubordination (defined as refusal to execute or carry out the lawful and ethical directions from the Board or its duly appointed designees) where he has been given written notice of the acts or omissions constituting such failure or insubordination and he has failed to cure such conduct, where susceptible to cure, within ten days following such notice; or (v) a breach of any provision of any material policy of the

Table of Contents

Company or any of his non-competition, non-disclosure, and related obligations under the Hastings Agreement. If the Hastings Agreement is terminated for "Cause," Mr. Hastings will only be entitled to receive payment of the Accrued Obligations.

The Company is entitled to terminate Mr. Hastings' employment for any reason other than death, Disability or Cause upon at least 30 days written notice to Mr. Hastings. In addition, Mr. Hastings may terminate his employment with the Company for "Good Reason," as specified in the Hastings Agreement. The Hastings Agreement defines "Good Reason" as: (i) a material negative change in the scope of the authority, functions, duties, or responsibilities of his employment from that which is contemplated by the Hastings Agreement; provided that a change in scope solely as a result of the Company no longer being a public company or becoming a subsidiary of another corporation shall not constitute Good Reason; (ii) any reduction in his base salary; (iii) the Company materially changing the geographic location in which he must perform services from the Portland, Maine metropolitan area; or (iv) any material breach by the Company of any provision of the Hastings Agreement without Mr. Hastings having committed any material breach of his obligations under the Hastings Agreement, in each case of (i), (ii), (iii), or (iv), which breach is not cured by the Company within 30 days following written notice thereof to the Company of such breach.

If the Company terminates Mr. Hastings' employment for any reason other than death, Disability or Cause or if Mr. Hastings terminates his employment for "Good Reason," then the Company shall pay to Mr. Hastings the following: (i) the Accrued Obligations; and (ii) a defined severance benefit (the "Severance Benefit"). The Severance Benefit shall equal the amount of base salary that Mr. Hastings would have received if he remained employed for the balance of the Term, based upon his then-current base salary without further increase; provided however, that the Severance Benefit may not be less than 24 months of Mr. Hastings' then-current salary without further increase. The Severance Benefit as so determined shall be divided into 24 equal installments and paid out to Mr. Hastings after termination of employment. For a quantification of the payments to be made to Mr. Hastings under these various circumstances, see "Post Termination Payments and Benefits" below.

As of September 27, 2011, Mr. Hastings stepped aside as the Company's President/CEO. Pursuant to the terms of a September 27, 2011 addendum to Mr. Hastings February 3, 2009 Employment Agreement with the Company ("Addendum"), Mr. Hastings remains a Director of the Company, will stand for re-election for another three-year term at the 2011 annual meeting of shareholders and will continue to serve the Company in a non-executive capacity as Senior Advisor for Business Development through at least December 13, 2013, the end of the term of the Hastings Agreement. As Senior Advisor for Business Development, Mr. Hastings will seek out and assist in the development of new ventures and business opportunities for the Company. Under the Addendum, Mr. Hastings receives the same compensation (currently \$337,500) and benefits provided in the Agreement. The Addendum also provides that Mr. Hastings will not be required to relocate to Denver, Colorado or any other office location and permits him to work from his home office in Maine. The Addendum, however, requires Mr. Hastings to report to and work out of the Company's office in Portland, Maine as needed while that office remains in operation and to make himself reasonably available to travel on behalf of the Company as necessary to carry out the essential functions of his new position as Senior Advisor.

Under the Addendum, the Company provides Mr. Hastings with office supplies, computer equipment and other necessary and appropriate support required to fulfill the responsibilities of his new position and reimburses Mr. Hastings for his business expenses consistent with the Company's policies regarding business expense reimbursements. Pursuant to the Addendum, the Company and Mr. Hastings also agree that none of the changes to the terms of his employment as set forth in the Addendum provides Mr. Hastings with "Good Reason" to terminate his employment under the terms of his original Employment Agreement. The Addendum also provides for reimbursement of certain legal expenses incurred by Mr. Hastings in connection with the changes to his employment status and gives the Company, under certain circumstances, the right of first refusal to buy back shares of the Company's common stock acquired by Mr. Hastings through the exercise of options granted to him by the Company under a February 3, 2009 Nonqualified Stock Option Award Agreement and a Nonqualified Option Performance Award Agreement of the same date (collectively, the "Option Agreements"). The

Table of Contents

Addendum also amends the Option Agreements to extend the term under which Mr. Hastings can exercise the underlying options until the later of the date provided for in the agreements or December 31, 2015 and to permit Mr. Hastings to pay some or all of the exercise price of options by surrendering to the Company shares of the Company's common stock that he already owns at the time of exercise. The Board has authorized a corresponding amendment to the Stock Incentive Plan to permit the exercise of options through this contemplated process.

Mr. Lafargue

On August 2, 2010, the Company entered into an Employment Agreement ("Lafargue Agreement") with Mr. Lafargue under which he serves as the Company's CFO and Treasurer, effective as of August 2, 2010.

The Lafargue Agreement provides for a three-year term of employment (the "Initial Term"), commencing on August 2, 2010, unless earlier terminated as provided in the Lafargue Agreement. If not terminated earlier than August 2, 2013, the Initial Term will be automatically renewed for one or more successive two-year periods (each, a "Renewal Term") unless in each case at least six months prior to the end of the Initial Term or Renewal Term, as the case may be, either the Company or Mr. Lafargue gives written notice to the other party electing to permit the Lafargue Agreement to terminate on the last day of the Initial Term or Renewal Term, as the case may be. Under the Lafargue Agreement, Mr. Lafargue will devote substantially all of his business time and attention and best efforts to the affairs of the Company and its subsidiaries and his duties. He will report to the Company's President and CEO. Mr. Lafargue has also agreed to customary confidentiality, cooperation, non-solicitation, non-competition, non-disparagement, and related requirements.

Mr. Lafargue is paid an annual salary of \$240,000, subject to an Annual Increase. Mr. Lafargue is entitled to receive cash bonuses recommended in the future by the CNG Committee and approved by the Board. Mr. Lafargue is entitled to reimbursement of relocation expenses (\$18,925 were incurred during the Company's fiscal year ended June 30, 2011), certain advisory expenses and reimbursement of his business expenses while performing services for the Company.

The Lafargue Agreement confirms the award to Mr. Lafargue of 800,000 non-qualified stock options under the Company's Stock Incentive Plan, of which 400,000 were time-based options and 400,000 were performance-based options that were to vest only upon the closing of the Evans Shoal Transaction on or before June 30, 2011. Because that transaction failed to close, the performance-based options were forfeited as of June 30, 2011.

The Lafargue Agreement may be terminated by the Company in the event of Mr. Lafargue's death or "disability" (as defined in the Lafargue Agreement). If Mr. Lafargue dies or becomes disabled, then the Company will pay Mr. Lafargue or his representatives: (i) his base salary through the date of such termination of employment, plus his base salary for the period of any vacation time earned but not taken for the year in which termination of employment occurs; (ii) any other compensation and benefits to the extent actually earned by him under any other benefit plan or program of the Company as of the date of such termination of employment; and (iii) any reimbursement amounts owing to Mr. Lafargue (the amounts in (i), (ii), and (iii) are referred to as the "Accrued Obligations"). The Lafargue Agreement may also be terminated for "Cause" by the Company. "Cause" is defined as (i) an act or acts of dishonesty or fraud relating to the performance of his services to the Company; (ii) a breach of his duties or responsibilities under the Lafargue Agreement resulting in significant demonstrable injury to the Company or any of its subsidiaries; (iii) his conviction of a felony or any crime involving moral turpitude; (iv) his material failure (for reasons other than death, illness, injury or Disability) to perform his duties or insubordination (defined as refusal to execute or carry out the lawful directions from the Board or its duly-appointed designees) where he has been given written notice of the acts or omissions constituting such failure or insubordination and he has failed to cure such conduct, where susceptible to cure, within ten days following such notice; or (v) a breach of any provision of any material policy of the Company or any of his non-competition, non-disclosure, and related obligations under the Lafargue Agreement. If the Lafargue Agreement is terminated for "Cause," Mr. Lafargue will only be entitled to receive payment of the Accrued Obligations.

Table of Contents

The Company is entitled to terminate Mr. Lafargue's employment for any reason other than non-renewal, death, Disability, or Cause upon at least 30 days written notice to Mr. Lafargue. If the Company terminates Mr. Lafargue's employment for any reason other than non-renewal, death, Disability, or Cause, then the Company shall pay to Mr. Lafargue (i) the Accrued Obligations; (ii) a defined severance benefit (the "Severance Benefit"); and (iii) certain continuing health insurance payment benefits, if Mr. Lafargue elects to continue insurance coverage under the Company's health insurance plans pursuant to COBRA following termination of employment. The Severance Benefit shall equal the amount of base salary that Mr. Lafargue would have received if he remained employed for the balance of the Initial Term or Renewal Term, as the case may be, based upon his then-current base salary without further increase; provided, however, that the Severance Benefit may not be less than an amount equal to 12 months of Mr. Lafargue's then-current salary without further increase. The Severance Benefit as so determined shall be divided into 12 equal installments and paid out to Mr. Lafargue after termination of employment according to a one-year payment schedule.

Mr. Lafargue is also entitled to terminate his employment with the Company for "Good Reason." In the event of his termination of employment for Good Reason, Mr. Lafargue shall be entitled to receive a severance benefit equal to one year's base salary, based upon his then-current base salary without further increase, which shall be paid according to the same one-year payment schedule described above. "Good Reason" means, without Mr. Lafargue's consent: (A) a material negative change in the scope of the authority, functions, duties, or responsibilities of his employment from that which is contemplated by the Lafargue Agreement; provided that a change in scope solely as a result of the Company no longer being a public company or becoming a subsidiary of another entity shall not constitute Good Reason; (B) the Company materially changing the geographic location in which he must perform services from the Portland, Maine metropolitan area; or (C) any material breach by the Company of any provision of the Lafargue Agreement without Mr. Lafargue having committed any material breach of his obligations under the Lafargue Agreement, in each case of (A), (B), or (C), which breach is not cured by the Company within 30 days following written notice thereof to the Company of such breach. If Mr. Lafargue elects to terminate his employment for any reason other than Good Reason, he will be entitled to payment of only the Accrued Obligations but may, if the Company elects, be entitled to receive an amount equal to one month of his then-current base salary.

Ms. Filipos

On September 28, 2009, the Company entered into an employment agreement ("Filipos Agreement") with Ms. Filipos which provides for an at-will term of employment and also contains customary confidentiality, cooperation, non-solicitation, non-competition, non-disparagement, and related requirements. The Filipos Agreement provides that Ms. Filipos is paid an annual salary in the amount of \$100,000 (subject to an Annual Increase) and is entitled to reimbursement of business expenses while performing services for the Company.

The Filipos Agreement may be terminated by the Company in the event of Ms. Filipos' death or "disability" (as defined in the Filipos Agreement). If Ms. Filipos dies or becomes disabled, then the Company will pay Ms. Filipos or her representatives: (i) her base salary through the date of such termination of employment, plus her base salary for the period of any vacation time earned but not taken for the year of termination of employment; (ii) any other compensation and benefits to the extent actually earned by her under any other benefit plan or program of the Company as of the date of such termination of employment, and (iii) any reimbursement amounts owing to Ms. Filipos (amounts in (i), (ii) and (iii) are referred to as the "Accrued Obligations").

The Filipos Agreement may be terminated for "Cause" by the Company. "Cause" is defined as (i) an act or acts of dishonesty or fraud relating to the performance of her services to the Company; (ii) a breach of her duties or responsibilities under the Filipos Agreement resulting in significant demonstrable injury to the Company or any of its subsidiaries; (iii) her conviction of a felony or any crime involving moral turpitude; (iv) her failure (for reasons other than death or Disability) to perform her duties or insubordination (defined as refusal to execute or carry out lawful directions from the Board or its duly appointed designees) where she has been given written

Table of Contents

notice of the acts or omissions constituting such failure or insubordination and she has failed to cure such conduct, where susceptible to cure, within twenty days following such notice; (v) a breach of any provision of any material policy of the Company where she has been given written notice of the breach and has failed to cure such conduct, where susceptible to cure, within twenty days following such notice; or (vi) any of her non-competition, non-disclosure, and related obligations under the Filipos Agreement. If the Filipos Agreement is terminated for Cause, Ms. Filipos will only be entitled to receive payment of the Accrued Obligations. If the Company terminates Ms. Filipos' employment for any reason other than death, disability or Cause, then the Company shall pay to Ms. Filipos the Accrued Obligations and a severance benefit equal in amount to one year's base salary, based upon her then-current based salary without further increase.

Effective August 16, 2011, the Company enter into an amendment to the Filipos Agreement to reflect a new base salary of \$135,000 and to incorporate provisions permitting termination by Ms. Filipos for Good Reason consistent with the terms contained in the employment agreements of other senior executives and, due to the increase in base salary effective April 1, 2011, to reset the commencement of the Annual Increase to July 1, 2012. In the event of her termination of employment for Good Reason, Ms. Filipos shall be entitled to receive a severance benefit equal to one year's base salary, based upon her then-current base salary without further increase. "Good Reason" means, without Ms. Filipos' consent: (i) a material negative change in the scope of the authority, functions, duties, or responsibilities of her employment from that which is contemplated by the Filipos Agreement; provided that a change in scope solely as a result of the Company no longer being a public company or becoming a subsidiary of another entity shall not constitute Good Reason; (ii) any reduction in her base salary; (iii) the Company materially changing the geographic location in which she must perform services from the Portland, Maine metropolitan area; or (iv) any material breach by the Company of any provision of the Filipos Agreement without Ms. Filipos having committed any material breach of her obligations under the Filipos Agreement, in each case of (i), (ii), (iii), or (iv), which such breach is not cured by the Company within 30 days following written notice thereof to the Company of such breach. If Ms. Filipos terminates her employment for other than Good Reason, she will be entitled to payment of only Accrued Obligations.

Compensation Risk Analysis

The CNG Committee has determined that the Company's management compensation policies and practices do not create risks that are reasonably likely to have a material adverse effect on the Company.

While the Company's focus on equity as opposed to cash compensation may theoretically create an environment that encourages the taking of excessive risk by employees in order to elevate and capitalize on an increase in the price of the Company's Common Stock, the CNG Committee concluded that this compensation approach does not subject the Company to material risk due to the following mitigating factors:

- Ownership of Company equity by officers and other employees creates an interest in the long-term viability of the Company and arguably deters rather than encourages risk-taking initiatives while aligning employee interests with those of the shareholders;
- Equity compensation has been typically limited to option awards that contain vesting provisions based on a lapse of time (typically three years) or the completion of a specific long-term task to the satisfaction of the President/CEO and the Board;
- Option awards that have yet to vest are forfeited if the Company terminates an employee for cause or if the employee resigns without good reason;
- The Company's Insider Trading Policy prohibits officers and employees from conducting short-term trading in the Common Stock and requires executive officers and other employees with access to non-public material information about the Company to pre-clear purchases and sales of Company securities and trade only during open trading windows, subject to certain exceptions set forth in the policy;
- The BDC monitors the progress of strategic initiatives and provides progress reports to the Board;

Table of Contents

- Independent third parties review the Company’s oil and gas reserves to ensure that appropriate reserve levels are utilized in determining operational results for financial reporting purposes; and
- Independent public accountants annually assess the Company’s internal financial controls and perform annual audits of the Company’s financial statements.

Further, the CNG Committee noted that minimal risk to the Company results from other potential components of employee compensation (*e.g.*, annual base salary and eligibility for an annual cash bonus, and certain other negotiated prerequisites and other benefits), collectively, “Other Benefits,” for the following reasons:

- An employee may be terminated at any time. Other Benefits cease upon the termination unless otherwise extended in the applicable employment agreement;
- Cash bonuses are discretionary. The Board, upon the recommendation of the CNG Committee, determines whether or not to award annual cash bonuses to NEOs based on an assessment of the performance of the Company during the most recently completed fiscal year as well as that of each NEO. Management determines the eligibility of other employees to receive a bonus pursuant to similar criteria; and
- Post-termination benefits, if any, are limited by the terms of the employment agreement in the event that termination results from cause, death, disability, or voluntary resignation (without good reason).

Item 13. *Certain Relationships and Related Person Transactions, and Director Independence*

The Board is committed to upholding the highest legal and ethical standards of conduct in fulfilling its responsibilities and recognizes that related-party transactions can present a heightened risk of potential or actual conflicts of interest.

The Company recognizes that transactions between the Company and any of its Directors or executives can present potential or actual conflicts of interest. Therefore, as a general matter, and in accordance with the Company's Standards, it is the Company's preference to avoid such transactions. The Company recognizes, however, that the exercise of judgment is required in determining the applicability of the Company's Standards to any given situation. Accordingly, to the extent that a related-party transaction with a member of the Board or an NEO is presented for consideration, it is Company policy to have the Board, and/or a designated committee thereof, review and approve the transaction. It is the practice of the Board and/or its designated committee to only approve a transaction with a related-party if the Board or committee finds that the transaction is in the best interests of the Company and its shareholders.

Moreover, annually, the Corporate Secretary obtains responses of the Directors and NEOs to questions regarding the employment of family and other relationships to assist the Board in identifying potential conflicts of interest. Based on these reviews, the Board has determined that, other than as set forth below, the Company did not engage in any transactions with related-parties during the fiscal year ended June 30, 2011 or through the date of this amendment to the Company's Form 10-K for the fiscal year ended June 30, 2011 which would require disclosure under Item 404 of Regulation S-K.

The September 2, 2011 transaction relating to Nautilus Poplar LLC ("Nautilus") and the transactions involving Mr. Bogachev described below were considered and approved by the Board's Special Transaction Committee ("STC") due to potentially conflicting interests between the Company and Mr. Wilson, the Company's President/CEO since September 27, 2011 and a Director since 2009, and Mr. Bogachev, another Director, respectively. The STC provided an independent forum for the consideration of these transactions. Messrs. Basso, McCann, Mollah and Pettirossi were appointed to serve on the STC and no member of the STC had any personal interest, financial or otherwise (other than as a Director of the Company), in these transactions.

- Mr. Wilson was granted, as of February 2, 2009, non-qualified stock options to purchase 387,500 shares of the Company's Common Stock at an exercise price of \$1.20 per share (with a corresponding reduction in the options granted to Mr. Hastings on December 11, 2008), of which options to acquire 262,500 shares will vest ratably based on the continued consulting services of Mr. Wilson over a three-year period and 125,000 shares will vest based on the same performance criteria as apply to the options granted by the Company to Mr. Hastings on December 11, 2008 (which options vested on March 3, 2010).

Mr. Wilson's consulting agreement and two option award agreements, each dated July 9, 2009, were attached as Exhibits 10.4, 10.5 and 10.6, to the Company's current report on Form 8-K filed on July 14, 2009. Consulting services of \$144,000 paid to Mr. Wilson were included in the statement of operations for the twelve months ended June 30, 2011. Due to Mr. Wilson's recent appointment as the Company's President/CEO, the Company and Mr. Wilson are working to terminate the agreement. Until the agreement is terminated, Mr. Wilson has agreed to not charge fees thereunder for any services he renders to Company after his appointment as President/CEO.

Robinson West, a Director of the Company since March 10, 2010, is the founder, CEO, and Chairman of PFC, a Washington, D.C. based consulting firm ("PFC Energy") serving oil and gas companies and governments with 14 offices around the world. During the fiscal year ended June 30, 2011, the Company retained PFC Energy to provide (i) consulting services with respect to the Company's oil and gas development operations in Australia, North America, and the U.K.; and (ii) strategic planning advice to management. Director Independence

The Company's Common Stock is listed on the NASDAQ Capital Market under the trading symbol "MPET." NASDAQ listing rules require that a majority of the Company's Directors be "independent directors" as defined by NASDAQ corporate governance standards. Generally, a Director does not qualify as an independent director if the Director has, or in the past three years has had, certain material relationships or affiliations with the Company, its external or internal auditors, or is an employee of the Company.

The Board is currently comprised of eight Directors: Donald V. Basso, Nikolay V. Bogachev, William H. Hastings, Walter McCann, Robert J. Mollah, Ronald P. Pettirossi, J. Robinson West, and J. Thomas Wilson. The Board has made its annual determination regarding the independence of its members, concluding that each of Messrs. Basso, Bogachev, McCann, Mollah, Pettirossi, and West are "independent" for purposes of NASDAQ listing standards, and that each of the three members of the Audit Committee are also "independent" for purposes of Section 10A(m)(3) of the Exchange Act. The Board also determined that: (i) Mr. Hastings could not, in light of his service as the Company's current Senior Advisor for Business Development and as its former President and CEO from December 11, 2008 through September 27, 2011, be considered an "independent

director” under NASDAQ listing standards; and (ii) Mr. Wilson could not, in light of his current position as the Company’s President/CEO, the February 2, 2009 award of 387,500 stock options and his July 9, 2009 consulting agreement with the Company and continuing payments there under, be considered an “independent director” under NASDAQ listing standards. The Board based these determinations primarily on a review of Company records and the responses of the Directors and executive officers to questions regarding employment and compensation history, affiliations, family and other relationships, together with an examination of those companies with whom the Company transacts business. With respect to Mr. West, the Board considered the following factors in establishing his status as an independent director under NASDAQ listing rules: (i) the consulting relationship between Mr. West’s firm, PFC Energy, Inc., and the Company during the fiscal years ended June 30, 2010 and 2011 (see “Consulting Relationship with PFC Energy, Inc.,” above); and (ii) Mr. West’s service as a non-employee director of Lambert Energy Advisors, a financial advisory firm to the energy industry which is based in London, U.K., which was retained by MPAL in 2010 to conduct an advisory assignment with respect to certain of MPAL’s assets owned in the U.K.
